

# RN-Led Business Safety Training Services

Saefkow Training Center provides professional, RN-led safety education designed specifically for businesses. Our programs reduce risk, support compliance, and give employees the confidence to act in real emergencies. All trainings are available onsite and tailored to your workplace environment.

## Naloxone & Overdose Response Training for Businesses

Prepared employees save lives — and reduce liability.

Overdoses can occur in any workplace, restroom, parking lot, or public space. This professional, stigma-free training teaches employees how to recognize an overdose and respond appropriately using naloxone.

### What Employees Learn

- Signs and symptoms of opioid overdose
- How naloxone works and when to use it
- Step-by-step response actions
- Good Samaritan protections
- Post-incident procedures for workplaces

### Ideal For

- Offices and corporate settings
- Manufacturing and warehouse facilities
- Retail and hospitality businesses
- Organizations serving the public

### RN-Led Advantage

- Evidence-based instruction
- Clear guidance for non-medical responders
- Emphasis on safety, professionalism, and policy alignment

Format: Onsite | 60 minutes

Optional Add-Ons: Naloxone kits, workplace policy guidance

👉 *Often paired with Stop the Bleed® for comprehensive emergency readiness.*
